

Anti-Bullying Questionnaire Results

November 2021 - Anti-Bullying Week

The Purpose:

It's really important for our school to continually maintain a high anti-bullying profile. It is vital that we monitor bullying as this gives us a clear picture of the levels of bullying and wellbeing in our school. It also helps us to identify where we need to focus our anti-bullying energy and ongoing campaign.

This year, our children are taking part in an Anti-Bullying Survey as part of Anti-Bullying Week. All children took part, with our KS2 children completing an electronic questionnaire individually. The results have been collated, shared on our school website and with our whole school community. Additionally, our aim is to continue to make our school a safe and happy place.

The responses:

We received the following responses from our children (Year 1-Year 6 - 361 children.)
