FEREDAY'S FIRST RESPONSE

On 25.6.25 our school was gifted a **Bleed Control Kit** by charity founder, Emily Fereday supported by local Councillor, Kieran. Pupil Parliament accepted the kit on behalf of the school and pledged to support Fereday's First Response further by donating the remainder of their Pupil Parliament budget to cover the cost of another kit, arrange special days in the future to raise further donations for the charity and to support Emily in raising the profile of her life-saving work!
