

What do you enjoy most about your History Lessons?

I like finding out about people in the past and what they used to do.

Mia-Grace - Y3

Kyra - Y5

I like it when we talk about all the items that they used to use. They had tools made from stones so they could kill all the animals. It is just really fun to learn about the past.

Amaya - Y1

I like talking about old things.

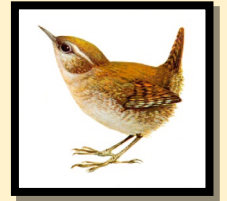

I like the toys. If it was an old teddy bear, his skin (fur) would be coming off.

If it's a new teddy bear, his fur is still on.

I like finding out about old toys, especially Teddy Bears. The oldest ones weren't brightly coloured.

Samuel - Y2

Describe your favourite
History Lesson?

I think it's all fun. We got
to taste bread

Mia-Grace - Y3

Kyra - Y5

I think it's the Great Fire of
London.

In Year 2, I really loved learning
about London - I have never
been there.

Callumn - Y6

We learned
about how
technology,
and how in
the olden days
it was used to
make old toys.

It is different
now.

I like the olden
toys and the
new toys we
have today.

I like looking
at timelines
because they
tell us what
happened in
the past right
up to the
present day..

Samuel - Y2

How do you think History lessons could be improved at Wren's Nest Primary School?

I like lessons where we get to write lots, so maybe more writing in History lessons.

Mia-Grace - Y3

Kyra - Y5

Going to Skara Brae to see what we could find there - on a visit from school.

But you have to go on the motorway I think!

Lily - Y6

I'd like to learn about how the Ancient Greeks used to write and record their numbers.

I think the lessons are good but I would like more research lessons using laptops. It is good to find out facts for ourselves.
