What do you enjoy most about COMPUTING lessons?

I like working on my own device as I can be a little independent.

Zane - Y3

I enjoy computing because I like typing using the keyboard.

Riley - Y4

I like using the iPad. We can use them on our own or with the teachers. I make stories on it.

Summer - Y2

We use laptops in lessons and Early Start. We use them for TT RockStars and lots of other things.

Freddie - Y5

Describe your favourite COMPUTING lesson

I love going on Purple Mash and playing maths games against a timer.

Zane - Y3

I love making presentations using Google Slides. I made one about Space using different effects and transitions.

Riley - Y4

I like it when I make stories. I know how to save them myself now so I can show it to my friends.

Summer - Y2

We used the Internet to research different plants in Science and then used Microsoft Word to type out an information document.

Freddie - Y5

How do you think COMPUTING lessons could be improved?

It would be great to have more interactive Art Programmes as I like to be creative.

Zane - Y3

I would like to use more apps, especially ones that help with handwriting.

Riley - Y4

We could take photos ourselves of our work.

Summer - Y2

I would like to make more presentations as information slides. I could do it in my own time.

Freddie - Y5
