

What do you
enjoy most about
Life Skills lessons?

I really liked learning
how to clean my
teeth properly – my
teacher helped me
see exactly where to
brush!

Maisey – Y1

The Year 6 talk about
puberty was really
helpful. I understand
now that changes
happen to everyone,
and it's normal.

Fatimah – Y6

I loved practising
converting analogue
to digital time. Now I
can read my watch
and even tell my
friends the time on
their clocks!

Mason – Y2

I had so much fun
learning how to sign
the names of fruit. I
can now tell my
friends what I'm
eating without even
speaking!

Desmond – Y5
