

RE at Wren's Nest Primary School

RE teaching at Wren's Nest Primary School is about developing an appreciation of religious understanding and knowledge to prepare the children for later life and an awareness of an ever-changing society. Children will develop the ability to ask questions about religion and demonstrate an understanding of issues related to the nature, truth and value of religion. The children at Wren's Nest will also develop an increasing understanding of how the beliefs, values, practices and ways of life within any religion connect together. The teaching of Religious Education also encourages our children to be independent thinkers and formulate their own opinions while respecting the opinions of others.
