Builds on previous knowledge & skills

Hands-on exploration

"I want to be an astronomer when I grow uP". – Year 5 child.

Encourages questioning *

Wren's Nest Primary School's

"I LIKE IT WHEN WE DO
PRACTICAL EXPERIMENTS AND
GET TO FIND OUT NEW THINGS" YEAR 3 CHILD

Develops enquiry skills

science Vision

Promotes STEM careers

"I enjoyed working with the Biomedical Scientist who did fun experiments with us!"

- Year 2 child

Our Vision for Science at Wren's Nest Primary School is to encourage curiosity in children, so that they can ask questions that fuel explorations and investigations about the universe we live in.

Practical and engaging

We are Scientists

We are trying to find out why and how things work.

We are experimenting.
