

WREN'S NEST PRIMARY SCHOOL

WHAT ARE WE DOING IN TIME FOR TWOS THIS WEEK?

We are learning how to sit, listen and follow simple instructions during our Circle Time activities, listening games and simple memory games.

We are continuing to explore Winter. We are reading more Winter stories, singing Winter songs and exploring natural materials we find in Winter.

We are going on another Winter walk outside to look for more signs of Winter! We're talking about the cold weather and what clothes we can wear to help keep us nice and warm in the Winter.

We are creating melted snowman paintings and continuing to paint with ice as further explore ice and snow in our mark-making.
