

A blue banner with a white outline of a bird on the left and a world map with lightning bolts in the background. The text 'UNIVERSITY CHALLENGE' is written in large, bold, white capital letters across the center.

UNIVERSITY CHALLENGE

Each unit of work completed in Science, History or Geography, concludes with a 'University Challenge' quiz.

This activity helps to reinforce the knowledge taught during the unit of work and allows children to revisit key areas of learning.

As well as this, teachers can make formative assessments of the children's recall skills which they can then use to inform future planning.
