

Builds on previous knowledge & skills

Hands-on exploration

Encourages questioning

"I want to be an astronomer when I grow up" - Year 5 child

Develops enquiry skills

Wren's Nest Primary School's

# Science Vision & Principles

"I LIKE IT WHEN WE DO PRACTICAL EXPERIMENTS AND GET TO FIND OUT NEW THINGS" - YEAR 3 CHILD

Promotes STEM careers

Our Vision for Science at Wren's Nest Primary School is to encourage curiosity in children, so that they can ask questions that fuel explorations and investigations about the universe we live in.

"I enjoyed working with the Biomedical Scientist who did fun experiments with us!" - Year 2 child

Practical and engaging

**We are Scientists**

We are trying to find out why and how things work.

We are experimenting.
