

Geography - The UK and our Home.

We begin by looking at where we go to school. Do you know the full name of our school?

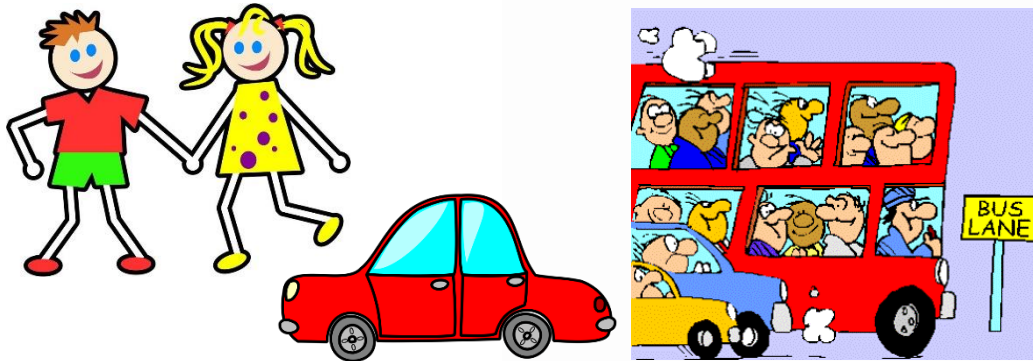

Next, we look at where we live. Some of you live really close to school. Some of you might live a little further away.

What is the name of your street and the number of your house?

Can you write a set of directions to describe your daily journey?

How do you get to school? Do you walk or maybe you travel by car or do you get the bus?

Then, we begin to look at the towns and cities that surround where we live.

Can you find out the difference between a town and a city?

Geography - The UK and our Home.

After that, we discover more about the countries that make up our home, the United Kingdom.

Can you name the four countries that make up the United Kingdom?

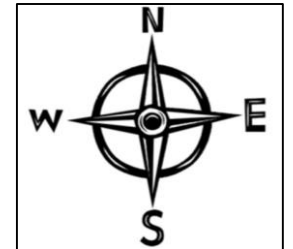

Fact

Did you know the number of people that live in a particular place no matter how big or small, is called a **population**.

The two nearest cities to us are Wolverhampton and Birmingham. Which city is the closest to us and how far away is it?

We learn about the compass and how we use it to describe position and direction.

Can you name the cardinal points of the compass?

Finally we learn where our country sits in relation to other countries in the world.

What is the name of the continent we live on? If you don't know how can you find out?

Key Facts

Country	Population	Capital City
